A. P. COONS, Funeral Director and Embalmer.

Telephones No. 23 & 57.

We carry a large and complete line of Undertaker's Goods. Calls answered day or night.

Services reasonable.

### THE GLOBE-REPUBLICAN.

#### LOCAL NEWS.

Today's storm extended over eight days.

Largest and best assorted line of dried and evaporated fruits at CENTRAL GROCERY AND MEAT MARKET.

Have your bicycle over hauled now and it may save you money, later in the season. THE NOVELTY WORKS.

A. J. Titus, of Anthony, says cars will be running on the Denver, Oklahoma and Gulf out of Kiowa by June first.

Tuesday's snow was the heaviest that has fallen in Kansas for years. It averaged about two feet in depth.—Topeka Journal.

Miss Grace Klein is still unable to perform her duties at school, so Miss Ella Michaels is teaching in her place this week.—Clerk County Clipper.

Walter Pine delivers the Topeka State Journal anywhere in town at ten cents per week. For general, state and railroad news the Journal is unexcelled.

Frank Martin and T. E. French were hunting for game in the environs of Ford. Owing to the snow storm of Tuesday they sought shelter from the falling snow flakes.

The Syracuse Republican of last week contains this very modest notice:

C. S. Guy, the junior member of this firm, and Miss Grace Schroll, of this city were united in marriage Saturday evening at 7 o'clock.

Mrs. Arment, Miss Adelle Streator and Mrs. Hine accompanied Father Danohue from Dodge and furnished the music for the Carroll funeral, assisted by the regular choir of the Congregational church.—Kinsley Mercury.

Sim Wilkinson and wife Syracuse, N. Y. who are returning from California, are visiting friends here for a few days. Mrs. Wilkinson is a daughter of Rev. G. Lowther. Miss Lola Lowther of Winfield, is with Mr. Wilkinson.

E. N. Berry is going to set out a peach orchard of 1,000 trees on his place near this city, in the spring. He expects to adopt the plan of tending down the trees and covering them with earth each winter in order to insure himself a crop.—La Junta Tribune.

Ed Madison, who was recently appointed to succeed Judge Price in the Thirty-first district, has been convinced southwest Kansas that he is as good at rendering legal opinions as he is in making speeches. And anybody that knows Madison knows that is good enough.—Wichita Eagle.

Judge Madison has been holding his first term of court at this place this week and has impressed our people with his ability and evident sense of justice, and favorable comments are not uncommon. The impression seems to prevail, that he will be a popular Judge, and worthy to succeed the able and esteemed Judge Price.—Clark County Clipper.

A Kansas City theatre company among other notices in its program, has the following:

"In these modern reform days all ladies remove their hats while in the theater. There are only a few women who forget to remove or insist on wearing them. A lady is never so attractive or beautiful as without a hat. Especially a high hat."

The same suggestion ought to apply to the churches. The high hats are attractive and the ladies are beautiful with them on, but during a performance or during church service the high hats ought to be removed. The ladies ought not to make attraction during a performance or a church service.

#### RAILROAD NEWS.

—Jerry Shaw is at work again.

—Switchman Posten laying off sick, William Henry in his place.

—After the loss of about two months time L. M. Sell will again resume duties at the round house next Monday morning.

—Conductor Hinckley's child, age 7 months, died on Friday, and was buried Saturday. Rev. W. R. Weaver conducted the funeral service.

—Forty Rock Island trainmen have joined together to buy a township of land near Liberal on which they propose to run a stock ranch.

—The work of packing the Santa Fe ice at La Junta is now in progress, and about 250 cars of congealed moisture have already been stored away.

—The Santa Fe Railway may establish a pumping station on Duck creek, for the purpose of securing good water for the engines. The pumps at the round house do not furnish a sufficient supply.

—The station agent of the Santa Fe at Las Animas recently took a census of the number of sheep and cattle in the country contiguous to that place. He found that there were 157,000 head of sheep and over 10,000 head of cattle.

—The Santa Fe is now running a special stock train between La Junta and Kansas City. The train leaves La Junta twice a week, Sunday and Wednesday, at 5:20 o'clock in the morning, and arrives in Kansas City twenty-two hours later.—Tribune.

—Robert Weekly, a section hand, was struck by the engine of an east-bound fast freight near Conroe last Wednesday morning, and had an arm broken, besides being pretty badly bruised up. He was brought to La Junta and taken to the railroad hospital. His injuries are not serious.—Tribune.

—On account of being older in point of seniority and consolidation of the Arkansas and middle divisions Mr. G. T. Neubert of Arkansas City will supersede Mr. J. E. Gavitt present division Master Mechanic at Newton March the first. Mr. Gavitt will have charge of the round house at Newton. By his kind treatment Mr. Gavitt has made a number of friends in Dodge who regret to see the change.

—Wm. Gates goes to Dodge City Monday evening to take a place in the depot there. Mr. Gates has served the Santa Fe faithfully for eleven years at Kinsley, always on hand, industrious, honest and attentive to his duties and courteous and obliging to patrons and we felt it singular that so old an employee should have been discharged. His reinstatement is a gratification to his many friends in Kinsley.—Kinsley Mercury.

—The washout plug of engine No. 740 blew out between La Junta and Dodge City last Tuesday, and to escape being scalded to death, Engineer Chas. McQuiston jumped from the cab while the train was running at the rate of about twenty-five miles an hour. His shoulder was dislocated and he was otherwise badly bruised up by the fall. He was brought to La Junta and taken to the hospital.—Tribune.

—There came near being a fatal accident Tuesday morning about five miles west of Syracuse, when engineer C. McQuiston was spelling the fireman on train No. 33. The plug flew out of the arch and let the water on the fire which blew open the door of the fire box. The engineer, supposing the engine would blow up, jumped to the ground and dislocated his shoulder. Dr. Beggs was soon on the ground and rendered such medical assistance at the case required.—Syracuse Republican, Feb. 23.

—A. Fasig, who is boring wells for the Santa Fe railway at Syracuse, is at home for the present. The well he is boring has reached the second Dakota formation, a depth of 267 feet. Water is within 35 feet of the top. Artesian water flows are expected at the second Dakota, and Mr. Fasig feels confident that he will find artesian water after he has gone through one hundred feet of the second Dakota. He will drill two wells at Syracuse, and when he finishes these he will return to this city and bore two more wells at the round house.

—Tuesday all trains were held for orders on account of the storm. No. 8, 4 and 2 laid here until 7 a. m., Wednesday morning when the snow plow was run out and the passenger trains allowed to follow. No freight trains were run until in the afternoon.

—General Superintendent Dyer, of the Colorado & Southern road, was the recipient of a handsome present from his friends on his retirement from the Santa Fe road, on Saturday night, at Denver. The present was an oaken chest containing 208 pieces of solid silver, with gold plated bowls in the spoons and tines in the forks, and a comfortable rocking chair in solid leather. The committee of presentation represented every department of the western division of the Santa Fe, from the track up. Conductor J. M. Dodge, of this city, represented the conductors.

Santa Fe railroad surveyors arrived at Kinsley, Monday morning, and will try to locate a route from Kinsley to Dodge City which will avoid the heavy grades. It is not known whether the present track will be torn up or a new line built up the river bottom which would make a double track from Kinsley to Dodge City and in connection with the Kinsley & Hutchinson cut off would make a double track from Hutchinson to Dodge City.—Kinsley Telegram.

[The surveyors are straightening up grades and are not to survey a new route. There are some heavy grades between here and Kinsley.]

—Seated around a Topeka railroad lunch counter the other day were four old Santa Fe engineers. They were telling of fast runs. Three of them had told their stories. "The fastest run I ever made," said the fourth, after listening to the lies of the others, "was between Topeka and Emporia not long ago. It was a bright moonlight night. We were behind when we pulled out of Topeka and had orders to make up all lost time between there and Emporia. After reaching the top of the Pauline hill I pulled the throttle wide open and let 'er go. The old engine fairly ate up the track. When we stopped at Emporia I looked back a mile or so and saw something black approaching us. I could not think what it was. I watched it closely. Finally it came up opposite the cab window and stopped. It was the shadow of the train."

—Engineer I. Conroe died at Buffalo, N. Y., on Saturday.

Mr. Conroe had been connected with the Santa Fe in various capacities for the past twenty-five years, and was well known along the entire line. He served a number of years as engineer on the middle division, and then went to La Junta, where he was master mechanic for about four years. He was appointed traveling engineer of the western New Mexico and Rio Grande divisions which position he held for a short time, when he again returned to the middle division as engineer, pulling passenger train between Newton and Dodge City.

About eight months ago he was taken with a severe sick-spell, from the effects of which he never fully recovered; since that time has done no railroad work. He required the constant attention of a physician, and as soon as he was able to be moved was taken to Buffalo, N. Y., to the private sanitarium of his nephew, in order that he might receive proper medical care.

Mr. Conroe leaves a wife and son. His death will be greatly regretted by his many railroad friends, as he was highly respected by all who knew him.

12 Photos for 25c, at Burrell's Studio, on the 20th, 21st, and 22d of each month, Sundays excluded.

A book agent stopped at a farmhouse near Topeka the other day to try to take an order. The woman said he would have to see her husband.

"Where is he?" asked the agent.

"He's down there in the hog lot fixing up the fence," said she. "You can tell him—he has got a hat on."—K. C. Journal.

"I have used Beggs' Blood Purifier in my family over two years and do not believe there is a better medicine made. It is the family remedy for us, and all we need," writes Frank Mitchell, Mason City, Ia. Purifies the system—makes new, rich blood.

For sale by W. F. Pine.

#### THE CALIFORNIA LIMITED.

Four times a week.

Wednesday, Thursday, Friday, and Sunday.

SANTA FE ROUTE.

FRED GARDNER, Agent.

"I am sorry to disappoint you, young man," said the great railway magnate to the reporter who had called in for the purpose of writing him up, "but I did not begin at the bottom and work my way up. I never blacked the boots of the engine wipers and never carried beer for the janitor of the round house. I was kicked through college by my father, inherited a fortune, which I invested in railroad shares, and I hold this job because I have votes enough to control it. It is too bad, my young friend, but we can't all be self-made men. We would become tiresome, and he bowed the caller out.

#### Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at PALACE DRUG CO., will be present with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.

Near throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only Throat and Lung Remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

#### Clerical Sarcasm.

A clergyman on a recent Sunday gave out the following notice, says The Christian Endeavor World:

"The regular meeting of the donkey parade will be held, as usual, at the close of this service. Members will line up just outside the church door, made remarks and stare at the women who pass, as is their custom.

"Any member known to escort a young woman to church like a man and sit with her like a gentleman will be promptly expelled from membership."

#### An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. S. EDWARDS, Publisher of The Review, Wyant, Ill. For sale by W. S. AMOS.

Where and when was the first church organized? At Jerusalem, and during the Pentecostal revival, James, the senior brother of our Lord, being honored with the pastorate—Godbey, in the Revivalist.

"With one bottle Beggs' Cherry Cough Syrup my cough and soreness entirely disappeared."—Ernest Whipple, Davenport. GUARANTEED to cure all throat and lung troubles,—has NEVER FAILED; try it!

For sale by W. F. Pine.

Time to Stop.

From the Nashville American.

It is to be hoped that members of Congress who have been playing to the galleries and fixing fences for next November's elections by expressing great fears that a "secret alliance" exists between the United States and Great Britain will have manliness enough to stop their silly chatter. Secretary of State Hay has officially stated what all, except a few sensationalists, recognized to be the truth.

Don't risk the little one's life; croup is a dangerous disease. Mrs. H. Gregg, Dundee, Kans., says:—"My little daughter had been troubled with croup since she was three months old. Beggs' Cherry Cough Syrup cured her." Children like it. GUARANTEED.

#### New Livery Stable.

(Known as the Red Barn.)

South of the Railroad,

H. M. KABLE, Prop.

A fine stock of Carriages and buggies and good horses for hire.

Also teams kept and fed on reasonable terms.

#### NOTICE FOR PUBLICATION.

Department of the Interior, Land Office at Dodge City, Kans., February 1, 1899.

Notice is hereby given that the following named settler has filed notice of her intention to make final proof in support of her claim, and that said proof will be made before the Register and Receiver, U. S. Land Office, at Dodge City, Kansas, on March 17, 1899, viz: Cora M. Stonehouse, one of the heirs of Joseph Stonehouse, deceased, H. E. No. 18499, for the northeast quarter section 23, township 22, south, range 23 west.

She names the following witnesses to prove her continuous residence upon and cultivation of said land, viz: Guy Padgett of Spearville, Kansas; Irving Mudgett of Spearville, Kansas; John Padgett of Spearville, Kansas; Charles Lopp of Dodge City, Kansas; THOS. A. SCATES, Register.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by W. S. AMOS.

#### The Rock Island Wall Map of the United States.

Is the best offered to the public. It is very large and specially adapted to school purposes. Every teacher of geography and every business office should have one. It will be sent postpaid to any address on receipt of fifteen cents in postage stamps or coin. Address, JOHN SEBASTIAN, G. P. A., Chicago, Ill.

#### A Remarkable Discovery.

A remarkable discovery is one of the chronic proclamations of advertisers. No such claim is made for Lichy's Cough Cure is an established remedy with known merit, made on scientific principles by experienced chemists. It stops coughing at once; will not cure consumption, but gives temporary relief, and absolutely cures all other affections of the throat and lungs. For croup, whooping cough and colds, Lichy's Cough Cure is invaluable, 25 and 50 cent bottles. Sold by W. F. PINE.

The Rock Island Playing Cards are the slickest you ever handled. One pack will be sent by mail on receipt of 15 cents in stamps. A money order or draft for 50 cents or same in stamps will secure 4 packs, and they will be sent by express, charges prepaid. Address, JOHN SEBASTIAN, G. P. A., C. R. L. & P., Chicago.
